[megasquirt ii hardware megamanual](#)

Fuel calculations for the MegaSquirt-II algorithm are performed in the HCS12 processor (such as fuel, ignition, and anything else requiring math calculations).

[free microcontroller books download ebooks online textbooks](#)

This book is intended as a hands-on manual for learning how to design systems using the STM32 F1 family of micro-controllers. The focus of this book is on developing code to utilize the various peripherals available in STM32 F1 micro-controllers and in particular the STM32VL Discovery board.

[digiprogram 3 car list ok via obd mileage programmer](#)

I bought Digiprogram 3 odometer programmer from china, and I'm happy for it now. Very pleased to work with almost models (incl. European, American and Asian cars). Digiprogram is the best hands down low cost tool on the market I do everything from foreigners to domestics with it.
